

Profile

Software Engineer with 4 years of experience building backend services, cloud automations, and internal tools. Strong in Python, AWS, APIs, and data workflows. Focused on reliability, performance, and delivery speed.

Education

Guru Gobind Singh Indraprastha University, Delhi, India
Bachelor of Technology in Computer Science
2017 - 2021

Experience

Thoughts2binary Consulting & Solutions, Gurugram, India

Software Engineer - Backend/API Development

Nov 2022 - Present

- Built REST APIs and serverless Lambda functions for internal products and partner integrations.
- Designed data sync jobs and event-driven workflows handling high-volume records.
- Improved runtime performance by optimizing database queries and ETL processing steps.
- Supported onboarding of new engineers with documentation and hands-on guidance.

Coding Ninjas (Remote)

Teaching Assistant - Python & DSA

Jun 2021 - Oct 2022

- Assisted learners with Python, algorithms, and debugging exercises.
- Reviewed submissions and provided actionable feedback to improve code quality.

Key Projects

Workflow Hub | Python, AWS Lambda, DynamoDB, Redis, Postgres

- Built automation modules for authenticated API integrations and internal process orchestration.
- Added role-based access and reusable integration templates.

Inventory Sync Platform | Python, Django, AWS, Postgres, Redis

- Developed systems for synchronizing inventory data across multiple commerce tools.
- Improved status tracking and reporting for operations teams.

Developer Portal | Python, Django REST Framework, GraphQL

- Created a self-service portal for configuring integrations and monitoring jobs.
- Integrated analytics and audit logging for operational visibility.

Technical Skills

Languages/Frameworks: Python, SQL, Django REST Framework, FastAPI, Microservices

Cloud/Databases: AWS Lambda, S3, EC2, API Gateway, DynamoDB, SQS, SNS, RDS, Redis, Postgres

Tools: Docker, Git, Linux, CI/CD Pipelines

Other: Query Optimization, RESTful APIs, GraphQL, Unit Testing, Agile Methodologies

Certifications

Python and Data Structures in Python

Achievements

Peer Recognition Award for Technical Mentorship
